

# North Tonawanda Memorial Pool Update

(Shown below is a preliminary design possibility)

## What you need to know...

**We are in the design process for a new outdoor pool facility! Though the final design has not been determined, we can ensure you that the end outcome will be spectacular!**

### Where are we now?

**The current standing Memorial Pool will no longer be open for swim. This is due to many factors and safety concerns caused by the aging infrastructure.**

**Raindrop Spray Pool will be open Monday-Saturday 12-8pm from June 23-Aug 19**

**Swim lessons will be held at NTI School Pool (register online)**

**We'll be piloting a free family swim Wednesdays from 1:00-4:00pm at NTI School Pool. (Pre-registration required)**

**Alternative local swim option at Kohler Pool in City of Tonawanda, at \$2 per day or a season pass for \$20.**

### How will we get there?

**We are currently in the design phase and applying for grants to help subsidize the construction cost of the project.**

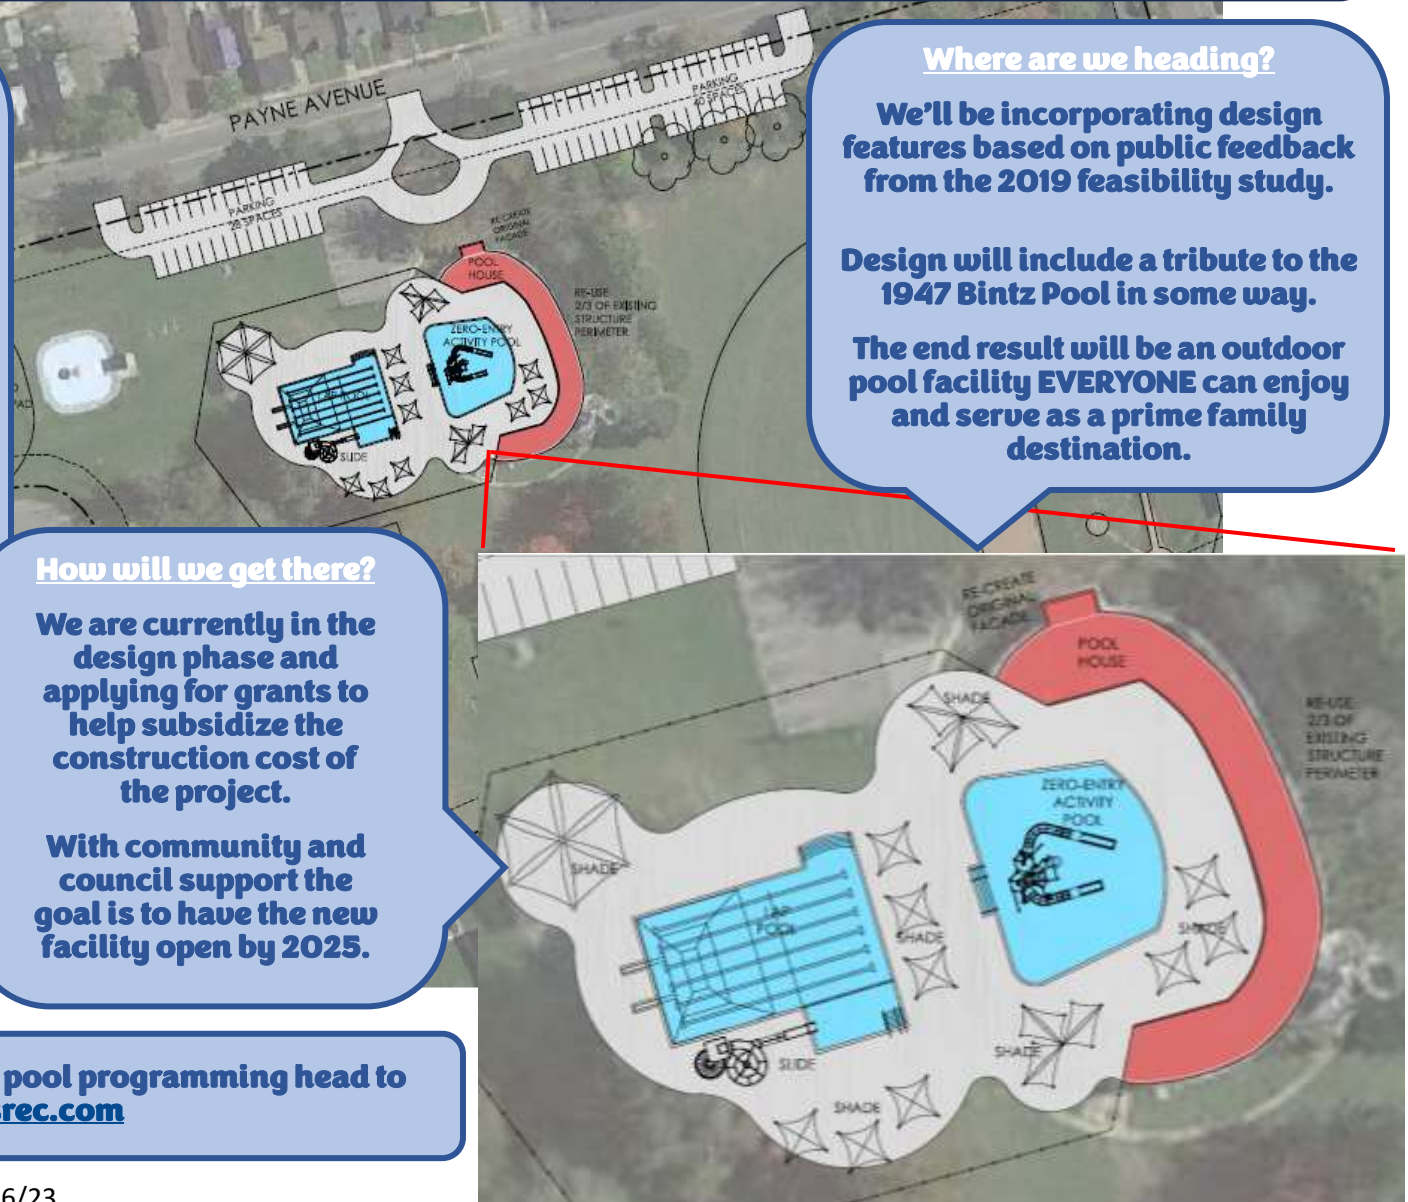

**With community and council support the goal is to have the new facility open by 2025.**

### Where are we heading?

**We'll be incorporating design features based on public feedback from the 2019 feasibility study.**

**Design will include a tribute to the 1947 Bintz Pool in some way.**

**The end result will be an outdoor pool facility EVERYONE can enjoy and serve as a prime family destination.**
